How To Order a National Skirt

If your daughter is in Primary (II) or Grade 1 Ballet, they will also be learning National dancing and will therefore need a National skirt which you can order from Katz Dancewear:

<https://www.katz-dancewear.co.uk/products/girls-any-colour-ribbons-character-skirt-dance-ballet-all-sizes>

First, you need to select the correct size of skirt for your daughter:

The **waist** needs to be measured around the line of the belly button (not the hips). Please ensure that when you are measuring your daughter, she stands with correct ballet posture i.e. engaging her abdominals, so that size will be appropriate for when she is dancing rather than when she is relaxed. Also, if your daughter measures half an inch larger than one of the waist sizes offered online (e.g. 23.5"), then we suggest you **go down to the lower size** (i.e. select a 23" skirt), so that it stays on the waist and does not drop down onto her hips when she is dancing as could be the case with a 24" skirt.

The **length** should be measured from the belly button to mid-shin. If your daughter is in the middle of two sizes on the length, then we suggest selecting the **longer** option online so that the skirt lasts longer.

Next, click through to the cart and in the free text box 'Order special instructions', ensure you state in the colour and ORDER of the 3 ribbons that need to be on the skirt, as follows . . .

Top Ribbon Colour: **Fuchsia No. 402**

Middle Ribbon Colour: **Dark Rose No.401**

Bottom Ribbon Colour **Helio (Lilac) No.07**

PAYMENT – skirts are £36.50 plus p&p

Please ensure that you take great care when measuring your daughter, stating ribbon colours and placing your order as Katz will not be able to cancel your order and once you have received your skirt, it will be **non-refundable and non-returnable**.
